

# SVMBC Training Patch Program

For recognition of your dedication to training

When you commit to begin your training, you will be entitled to wear a 3" patch that shows the additional training on delivering the scouting promise. As you attend other training sessions, you will be awarded with a course rocker upon completion. Rockers are worn around the outside of the 3" center patch and can be worn as a temporary badge.

If you'd like to "catch up" on courses you previously completed, they may be purchased at the Julian Street reception desk, online at the SVMBC training webpage, at most training sessions, at major scouting events (e.g. University of Scouting, Scout-o-rama), or by using this form to mail or fax your order. **Per the honor system, please only order rockers for courses that you've completed.**
