

UPDATES FOR 2020-2021 CHARTER RENEWAL

Fee Increases

Effective October 1, 2020 the membership registration and insurance fees will increase for all registering youth and adult members. These fees will be automatically calculated in the online charter renewal system.

Additionally, starting August 1, 2020, all new youth will need to pay a one-time \$25.00 joining fee. This fee will also be assessed for any new youth added to unit charters during the charter renewal process.

Please note that the Boys Life fee will not be increasing and will remain \$12.00.

All Online Charter Renewal Process

To minimize in-person contact and allow easier remote processing, the entire charter renewal process will be available to be completed online.

Beginning October 1, units will be receiving an email from DocuSign with a copy of your recharter packet. The Committee Chair, Charter Organization Representative, and Unit Leader will receive an email with a link to the packet. Each will log into the DocuSign packet independently to complete their sections.

***If by the end of October you have not received your link, please check your spam folder for your docuSign email and then contact the council office to receive a new link email.**

***Units will still use the BSA Charter Renewal System to complete roster updates and changes. DocuSign will be used for local council forms and replace the submission to the office of paperwork step of the process.**
