

COMPLETING YOUR CHARTER RENEWAL

Here is a step-by-step checklist and guide to help guide you through renewing your unit's charter in the new internet rechartering system located in Internet Advancement.

IMPORTANT: Your charter is not complete until it has been submitted in Internet Rechartering AND this DocuSign packet has all necessary signatures completed.

Before You Start

Here is a list of items you will want to prepare before you begin your recharter process:

Assign Key 3 Delegate Role In My.Scouting

The unit leader, charter org representative, and committee chair will have access to the Internet Rechartering System. If you would like to have someone else complete the charter renewal for your unit, the charter org rep will need to assign them as a Key 3 Delegate in the Organization Manager Tool in My.Scouting.

Check Your Unit Leader's Youth Protection Training Status

All registered unit leaders must be currently trained in Youth Protection Training before your unit will be able to complete their charter renewal. The Internet Rechartering System will show which leaders must complete training, but this information can be viewed in advance in the Training Manager in My.Scouting.

Collect Applications for New Youth and Adults being added to the Charter Renewal

Before you start have new youth and adults complete their application online and accept them in the Application Manager tool in My.Scouting. If you have collected paper applications, be sure to check them thoroughly that they have been filled out completely and signed. During the process, you will be able to upload a scanned copy or picture to submit them to the council. For adult volunteers, a fully completed copy of the application, youth protection training certificate, and background check disclosure form will be required to register them in the unit.
